## Requirements of Study at H.O.P.E. College

We will in no way sacrifice the primary objective in order to prioritize 'accreditation', but we believe in providing training which makes it possible for students to articulate from one training opportunity to another with little or no penalty for their whole life approach to being equipped for the mission God calls them to – whatever that IS.

The current and immediate future paradigm of accredited training in Australia enables us to pursue the following in 2022-23.

The Training IS designed to give students the opportunity of achieving a level of study aligned with Certificate IV Level Training Packages in as close to one year as is possible for them and a level of study equivalent to Diploma Level Training Packages in one to three years, in a delivery style akin to distance education with the added benefits of face-to-face tutoring & mentoring.

### IMPORTANT NOTES

- To make our course units as accessible as possible, we will work hard to record each presentation of content so we can reproduce the training via a variety of modes (i.e., video, webinar, written resources).
- Each mode will be supported and monitored by seasoned local missional practitioners and guest tutors, who, along with experienced fellow students, will bring you the best of learning in community – digestible resources, heart and mind stretching discussion and immediate 'in-context' application.
- ALL applicants who are admitted to the INITIAL Ministry Internship program (FT or PT Study towards a Qualification) in the inaugural year of H.O.P.E. College (2022), WILL NOT have to pay FEES (other than a once-off \$50 administration subsidy) as long as they complete their 'award' course in 1 to 2 years Full-time OR 2 to 4 years Part-time.

### **1. FULL-TIME STUDY (Approx. 12-16 Hours per week during Terms)**

Full-time study at H.O.P.E. College ONLY applies to students who are successful in their application to study towards completing Certificate IV or Diploma level awards. (Important notes 'Requirements of Study') It will require successful completion of a minimum of 2 Core Unit Streams PLUS 10 Elective Units drawn from 3 Lists (2 from List A, 4 from List B and 4 from List C) over the first year of study (32 Weeks divided into 4 x 8 Week Terms)

***Even Full-time study at H.O.P.E. College is designed in ways that should allow people to study at their own pace whilst STILL achieving their usual daily responsibilities.***

There will of course, be added responsibilities for Ministry Interns with regard to their placements for ministry involvement aligned with their anointing, calling, gifting and simple service opportunities, however, ALL efforts from the course provider will be aimed at integrating course requirements into what we refer to as a life-vocation balance.

We are not interested in separating interns from the world but rather equipping them to be ministers of reconciliation / ambassadors of Christ IN the world.

No shortcuts but increased support for intensive seasons of training.

### **2. PART-TIME STUDY (Approx. 6-8 Hours per week during Terms)**

As per the Full-time study outline above BUT it will only require successful completion of a minimum of 2 Core Unit Streams PLUS 3 Elective Units drawn from any of the 3 lists (maximum 2 from List A).

### **3. CASUAL STUDY (No minimum Hours per week)**

Casual study is designed EITHER for students wanting to pick up a course unit every now and then that can be articulated for a qualification OR for students who simply want to AUDIT the course (i.e., no assessment – not for credit)

### **4. OFF-CAMPUS/DISTANCE STUDY (Hours aligned to study level)**

Applies to any or all of the above options, however, extra assessment requirements will be added to enable our full qualifications to be acquired via the Off-Campus/Distance Study mode.

### GENERAL INTRODUCTION

When scrutinizing each of the following Courses and Subjects, PLEASE NOTE that all students will have 'Recognised Prior Learning' and or 'Life experience' applied to their mapped-out course journey which WILL mean that some course subjects will be accredited to the student's transcript without them having to complete them – all distinctive realities of our program taken into consideration.

**There will be Certificates awarded** to students for completing groups of course subjects in a particular theme or identified ministry discipline. We will add these as they become apparent but the first of them is aligned with our church's INTERNAL '**Becoming a Covenant Partner**' process that ALL award students will participate in (at some point of the journey) unless accredited via recognised prior learning – life experience.

**(Stream One, Elective List A ..... 4 Weeks)**

The H.O.P.E. Project is a word from heaven that the Corrimal Community Church received during the year of "Dwelling in the Revelation that Christ Brought". It NOW provides the biblical and theological framework for the church's kingdom vision and mission effort. It forms the foundation for H.O.P.E. College's missionary training distinctive which we believe will be sought after widely as time progresses because it doesn't identify with a denomination, it identifies with the Heaven On Planet Earth ideal and that is, God's Primary Purpose. This 4-week edition of the subject is stand-alone BUT is also the introduction to Core Unit Stream One for any study towards H.O.P.E. College Certificates and Diplomas and anything that develops beyond this.

subsequently equipped by the 5-fold equipping ministries of the ascended Christ (the fullness of Christ), is the only appropriate launching pad for exploring who Father God says YOU are. In this 4-week introduction, you will get a clear picture of ‘the body of Christ and its purpose in community’, leading to a greater clarity about how you might fit and the part that God has shaped you, anointed you and called you to play. brought”.

**\*\* This is one of FOUR subjects that form the ‘Intro. Cert. in the H.O.P.E. Project Revelation’**

## **DISCIPLES MULTIPLYING DISCIPLES** **(Stream One, Elective List A ..... 8 Weeks)**

Waiting for the evangelist to come to town ISN’T the Jesus way of multiplying disciples. People have been less willing to enter our church building or join our programs for quite a while now. It’s time to be equipped to become missionary disciple-makers in our spheres of family, social networks, work and learning, community involvement and our neighbourhoods. Jesus said that he would teach His followers to “fish for people” (Mark 1:18) This course is designed to help you get more connected to Jesus so that you can make better discipling connections to the people around you. It is a primary subject for the church’s missional effort and a part of the College’s Core Unit Stream One.

## **DESIGNED FOR MORE** **(Stream Two, Elective List B ..... 6 – 8 Weeks)**

This subject is designed to as a process of discernment and exploration that helps deepen your understanding of who you are BECOMING and lays a foundation to engage effectively by PARTICIPATING in change that aligns with God’s purpose in the context of where God has placed you. Our journey will integrate learning with activities drawn from a rich journey through the book of Ephesians to help you; EXPLORE who You are in Christ, CLARIFY how to more closely align with God’s purposes and ENGAGE effectively as a witness to Christ wherever you are and whenever you are there.

## **DISCIPLESHIP AS PASTORAL CARE - Pt 1 (Framing 'Heaven's Embassy') (Stream Two, Elective List B ..... 4 Weeks)**

This subject is the first cab off the rank in a series that builds foundations for Church Administrators, Pastoral Care teams, Community of H.O.P.E. planters, chaplains, and ambassadors to both understand and sharpen skills in processes related to gathering and nurturing a 'harvest'. Provides some practical basics for people and community care and empowerment.

## **THE NEHEMIAH FACTOR (Elective List A + C ..... 4 Weeks)**

A deeper reflection on God's Primary Purpose as revealed to Nehemiah. There are at least FOUR unclimbed peaks on Christendom's historical landscape and this subject begins to identify each peak and the reason the church needs to climb them simultaneously and only by the empowering of the Holy Spirit, to see the kingdom of heaven advance and with-it human hearts redeemed. The story of Nehemiah gives is invaluable revelatory insights into this 'need of the hour' journey.

## **THE GOSPELS: FOUR PICTURES OF THE CHRIST (Elective Lists A + C ..... 4 Weeks)**

To be more and more like Jesus is a staple for us. This is helped by spending time looking more closely at Jesus as He is portrayed by the FOUR Gospel accounts in the New Testament. We explore how the gospel writers tell the story, what literary techniques they use and what's important about that, the writer's themes and reasons for writing. We will also consider how individual events fit within the meta-narrative of the kingdom gospel and how these events highlight different aspects of Jesus' life and ministry that have practical implications for us.

## **PRACTISING WHAT YOU PREACH (A Survey of the Gospel of Mark) (Elective List C ..... 4 Weeks)**

We take Mark's gospel account of Jesus' life and ministry apart, to dive deeper into how Jesus expressed what being 100% human AND 100% divine looks like in practice as human beings go about their everyday responsibilities. Mark's gospel provides the clearest view of what Father God sent His Son to show us regarding how to declare, represent and demonstrate the Kingdom of Heaven ON earth and as such how we can equip others for continuing the task to completion.

## **THE ACTS OF THE HOLY SPIRIT (An Introduction to the Early Church) (Elective List C ..... 4 Weeks)**

We do a survey of the first 12 or 13 chapters of the book of Acts to get a reasonable glimpse of the way the early followers of Jesus battled to deny self and allow Jesus to build HIS church. We explore how the breath and empowerment of the Holy Spirit was the single most crucial factor to church growth and kingdom advancement in the early decades of the church's existence, as it began its mission as the agent for representing the whole of heaven on the earth and heaven's weapon for pushing back the gates of hell.
