

## Love and Thanks to God for our Prayer Warriors

### Prayer Points (Updated 5<sup>th</sup> October 2022 for the 15<sup>th</sup> October Concert)

- That God would continue to be glorified through our gift of service to Him
- That the team will come together powerfully when they prepare for the second concert over this weekend
- That all the gaps in the preparation that couldn't happen, with the tech and music team, will be filled wonderfully and miraculously – for the sake of God's glory and our testimony to that.
- That Graeme and Gordon (and the whole team) will have good health, energy, & strong voice – that people will see and hear Jesus.
- That the band will gel and that all members will find confidence as they seek to glorify God with their gifts and skills – that all song words and parts will be easily remembered and executed
- That those on the team playing their specific part, large or small, will know the peace and empowering of the Holy Spirit in a new and fresh way and that their reward will be in the knowledge of the impact of the event on people's lives
- That we would have a surge of interest in Sydney and beyond so that there is a great atmosphere at the venue AND a good fund-raising outcome
- That the audience will be touched by God's Spirit and be reconnected to heaven through the ministry of the concert – healing, recommitment, first time salvations and more .....
- In particular, we pray for the team at BIG Music, that even though we decided we couldn't do the concert there, that they wouldn't be impacted by anything other than God's great love for them.
- That the team and congregation at Crows Nest Uniting Church would be blessed sustainably and reproducibly and that even they won't escape the light of God's power unto salvation
- That no influence for evil will have any impact on this event, during preparation and for the duration of the concert and the aftermath. We claim victory over every aspect and person in the name of Jesus
- That all the tech needs will be fulfilled and that all AV tech, instruments and machinery will work flawlessly on the night
- That every aspect of the journey of the event will have a positive and empowering impact for the children we are supporting, their families

and or support teams and frameworks. ('HOPE4Kids' & 'Hope and Future Projects')

- That the declaration of God's kingdom come on the night will draw many in the North Sydney and north, western regional precincts to Christ – we sense that God has us positioned in the middle of the spiritual battle for victorious outcomes.
